Long i Task Cards

Use these 36 of long u task cards at your word work center. Unlike many other similar resources, these cards do not include pictures. Instead, students must read the clues. This makes them an excellent challenge for the more advanced students in your class.

The cards are divided into three sets (and color coded) so that students can complete one set at a time. The sets get progressively more difficult. If you laminate the cards, students can write their answers directly on the cards with dry-erase pens. Another option is to have students use the included answer sheet to record their answers. Just be sure students note the set number they are working with in the upper right of the answer sheet.

You can find the other long vowel cards plus more K-2 word work here:
