Synonym Task Cards: Sets 1-3

This is a bundled pack of three Synonym Task Card Set for grades 2-3. There are 96 cards all together. If you are buying all three packs, you can save money by purchasing the bundle.

You can see a preview for each of the three sets by clicking on the links:

[Synonym Task Cards Set 3](#)

Each of the three sets is labeled by number and color coded so you won't get them mixed up. You can use the same included answer sheets for all three sets, just make sure students fill in which set they have completed in the box. Answer keys for self-checking and a challenge card for extending the activity are also included. These task cards are perfect for test prep and will work well at literacy centers, stations, for partner work, or with the whole class using a game like [Scoot](#).

These cards will look best in color, but will also print out fine in grayscale. Simply print and cut along the guidelines. Laminate and use them again and again. Alternatively, you could print on cardstock. It works well to keep them in a baggie. Another option is to hole-punch a corner of each card and put them all on a ring.

Aligned with Common Core Standard L.5 for grades 2 and 3:

Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.
