

COLORABLE GROWTH MINDSET QUOTE POSTERS

Make coloring meaningful with the 20 growth mindset quote posters! Each poster features a different quote. There are 10 different designs to color (so each design is repeated one time). Each poster is presented in both landscape and portrait formats.

In addition there are three printable growth mindset quote reflection pages that can be used in conjunction with the posters. There is also a half-page "Hooray" note that you can send home when you see a student demonstrating one of the affirmations.

Suggestions for use:

- Decorate your classroom. Swap out the posters on a regular basis to feature different students' work.
- See if your administration will allow you to post colored posters in other parts of the school such as the office, lunch room, hallways etc.
- Feature a different quote each week or month. Have all your students color the same poster and display them all over your room. Consider discussing the quote while the students are coloring. It will be fun to see the different ways your students color the posters and seeing the same quote over and

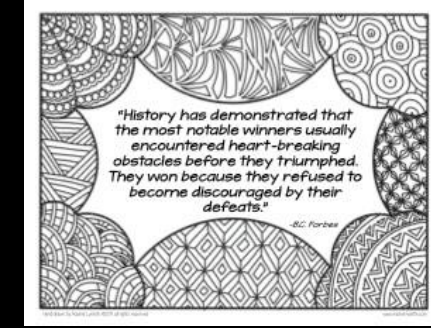

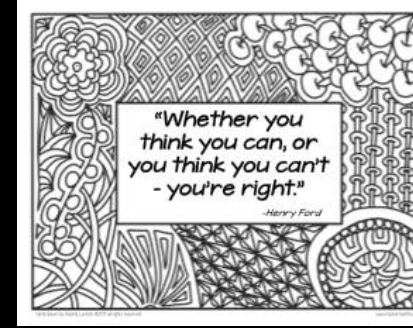

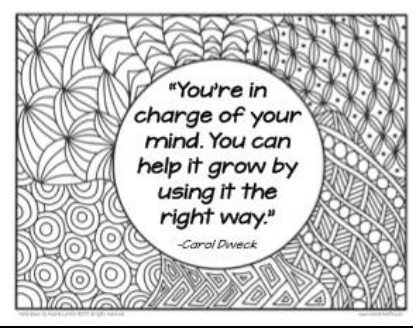

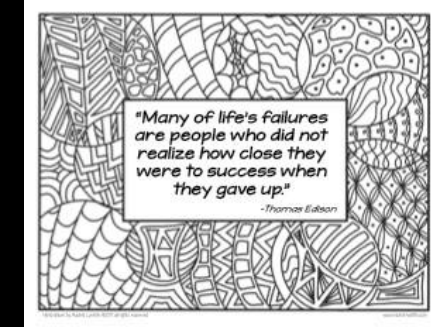

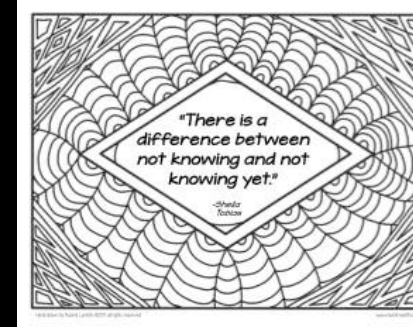

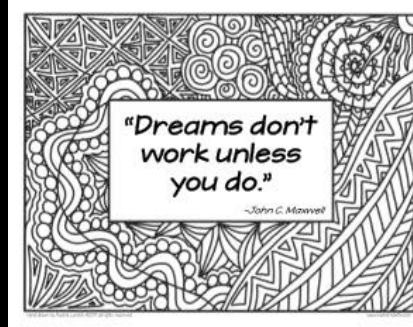

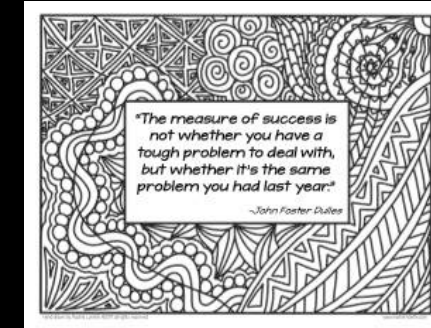

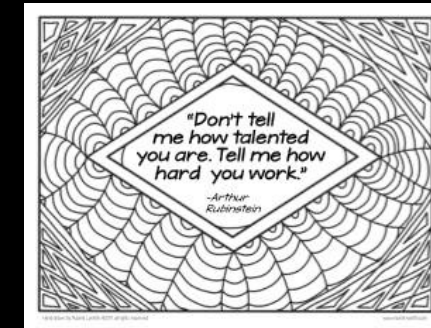

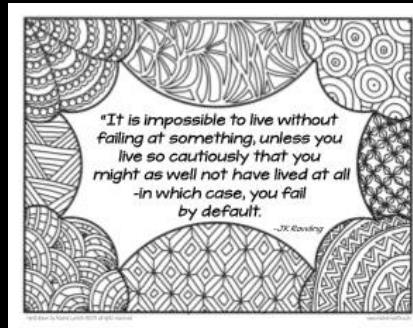

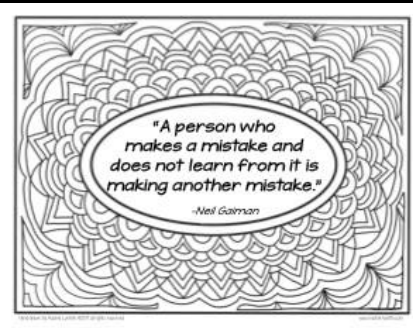

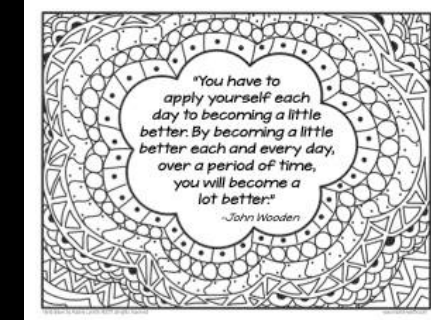

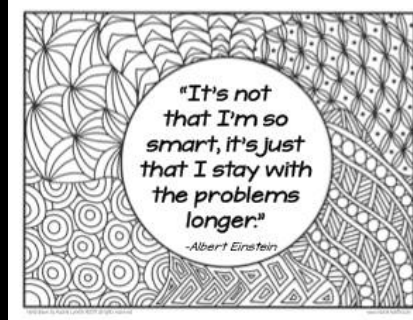

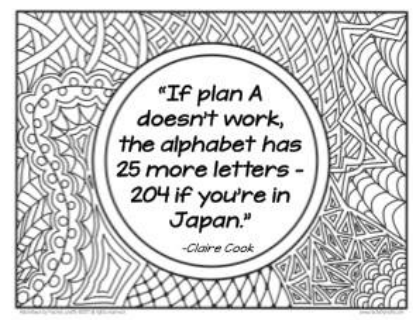

over again will really help them to internalize it.

- Allow students to color posters during indoor recess, read-aloud, or as a calming activity. Students can take posters home to decorate their own rooms.
- Add a writing component by requiring students to fill out one of the included reflection pages before coloring a poster or use the affirmation as a writing prompt for journals or paragraph writing.
- Use fine-tipped markers or colored pencils for coloring. Perhaps you have "special" markers or pencils that you could let students use for this project.

Printing Guide

Activity	Page #
Quote Posters - Landscape	4-23
