# Subject-Predicate Task Cards

Use these 32 cards to help your student gain fluency identifying both the simple and complete subject and predicate. The pages are all formatted the same way, so if you wanted to work on just one of these skills, for example, the simple subject, you could just use the third card on each page as each of those cards deals with the simple subject. If you choose to present the cards this way, students would then fill in the appropriate column on the answer sheet.

A student answer sheet for students to record their answers is included along with an answer key for self-checking. There is also a Challenge Card that can be used in conjunction with any other card to extend the activity. These task cards are perfect for test prep and will work well at literacy centers, stations, for partner work, or with the whole class using a game like Scoot.

These cards will look best in color, but will also print out fine in grayscale. Simply print and cut along the guidelines. Laminate and use them again and again. Alternatively, you could print on cardstock. It works well to keep them in a baggie. Another option is to hole-punch a corner of each card and put them all on a ring.

This product does not directly correlate with any specific Common Core Standard, but is inclusive in these:

**CCSS.ELA-Literacy.L.3 and 4** Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.

**CCSS.ELA-Literacy.L.3.1a** Explain the function of nouns, pronouns, verbs, adjectives, and adverbs in general and their functions in particular sentences.

**CCSS.ELA-Literacy.L.4.1f** Produce complete sentences, recognizing and correcting inappropriate fragments and run-ons.\*
