I ♥ Coloring 3D Ornament - 6 Easy Steps:

1 Print 4 stars per student on white card stock.

Student colors stars.

Student cuts out stars

Student glues 2 stars together back-to-back. Important:

Laminate the 2 double-sided stars.

5 Student cuts out stars. On one star, start at the top point and cut along the dividing line to the dot at the center. On the other star, start at the bottom and cut along the dividing line to the dot.
